

## **CELEBRATING THE FAMILY IN FAMILY MEDICINE: A MODEL TRAINING PROGRAM FOR MEDICAL STUDENTS**

---

Melton Strozier, Ph.D., Marie Dent Ph.D., Lee Bowen, Ph.D., Stuart Tedders, Ph.D.,  
Derek Woessner, MS

An interdisciplinary faculty developed a model program to **help** medical students understand how illness influences families, and specific skills for assessing those families. This seminar addresses integrating family assessment into the curriculum of the medical school, a six-hour tutorial **format**, **recruitment of** preceptors, and **medical** student feedback.
