

CLASS OF 2024 FACT SHEET

Our mission isn't just what we live by — it's who we are. At Mercer University School of Medicine, we prepare a diverse group of students to become the next generation of talented physicians and leaders who are committed to making a difference in the healthcare of the local communities they serve. In fact, more than 80% of our graduates are practicing in rural or underserved areas in Georgia.

CLASS OF 2024 PROFILE

The students who make up the incoming class reflect our values of integrity, respect, excellence, diversity and collaboration.
