

HAVE YOU BEEN DIAGNOSED WITH HIV?

A clinical research study being conducted in your area is looking for volunteers who are:

- At least 18 years of age
- Have been diagnosed with HIV-1 infection
- Have not started antiretroviral medication

If you are accepted into the study, you will receive investigational medical product for at least 80 weeks and care at no cost to you while in the study.

This study is enrolling now! Please email or call to learn more:
