

## 2025-26 Funding Sources

### MUSM Funding Sources

In order for a student to be considered for every type of assistance available (i.e., Federal, State, and University sources), a Free Application for Federal Student Aid (FAFSA) must be submitted each year. Students may complete the FAFSA online at <https://studentaid.gov/>.

#### ENDOWED AND EXPENDABLE SCHOLARSHIPS

Endowed and expendable scholarships are awarded to students based on financial need and specific criteria established by the donor of each scholarship. All students who complete the Free Application for Federal Student Aid (FAFSA) will automatically be reviewed for all endowed and expendable scholarships as long as funds remain available. No separate application is required. Priority will be given to qualified applicants who submit a FAFSA by the appropriate priority deadline.

## **FEDERAL LOAN FUNDS**

### **Federal Direct Unsubsidized Loans**

Students who attend school at least half time may be eligible to receive Federal Direct Unsubsidized Loans. Completion of the FAFSA serves as application for the unsubsidized loan. For the 2025-26 academic year, the maximum annual loan limits that students may be eligible to borrow are: \$42,722 for MD Year I, II, IV students, \$47,167 for MD Year III students, and \$20,500 for other MUSM graduate and doctoral students. The aggregate limit (undergraduate and graduate study combined) is \$224,000 for MD students and \$138,500 for other MUSM graduate and doctoral students. Interest accrues from the date of disbursement; however, repayment is not required until six months following withdrawal or graduation from school. The lender deducts a 1.057% processing fee before the funds are disbursed. The interest rate for loans disbursed July 1, 2025 to June 1, 2026 is 7.94%.

## ***2025-26 Funding Sources***

### **Federal Direct Graduate PLUS Loans**

Students who attend school at least half-time may be eligible to receive Federal Direct Graduate PLUS loans. Completion of the FAFSA serves as application for the Graduate PLUS loan. Unlike the unsubsidized loan, eligibility for the Grad PLUS loan is based on the student's credit history. If there is anything adverse on the credit report, a co-signer may be required. The annual amount a student may borrow is equal to the cost of attendance minus all other financial aid that the student is receiving. Interest accrues from the date of disbursement; however, repayment is not required until six months following withdrawal or graduation from school. The lender deducts a 4.228% processing fee before the funds are disbursed. The interest rate for loans disbursed July 1, 2025 to June 1, 2026 is 8.94%.

The Graduate PLUS Loan will not be available for new MD students starting in 2026-2027.

### **INSTITUTIONAL LOAN FUNDS**

A limited number and amount of institutional loan funds are administered through the University. These funds are awarded on a restricted basis.

- Hazel Anderson Revolving Loan
- Central Georgia Loan Fund
- MUSM Mission Compliance Loan
- MUSM Revolving Student Loan
- Porter Foundation Revolving Student Loan
