Students work in shifts that rotate each hour. Position descriptions:

1. **Greeters**—recruits patients and takes patient to screeners/talks to patients about general nutrition and health/Mercer University/etc. (2 or 3).
2. **Screeners**—Administers survey to patient and gives RBG test to patient/Discusses results. The screening should take about 8 minutes (4).
3. **Supervisor**—Makes sure all volunteers know their jobs. Keeps record of time so volunteers can switch positions (if they want to). Trouble shoots problems. Makes sure everyone stays on task.

*If student is pricked, s/he should wash the area immediately and follow universal precautions (p.89) in Student Handbook as soon as possible.*
